

SPARTAN

SP-3603RGB

Technical Parameters:

Input Voltage: AC100-240V 50-60Hz

LED: 36pcs 3W 3535 RGB tri-color ultra-bright beads

Maximum Power Consumption: 150W

LED Lifespan: >30,000 hours

PWM Dimming Frequency: 1KHz

Dielectric Strength: 1.5KV

Control Signal: DMX512

Control Modes: Standalone control mode / Master-slave mode / Sound-activated

Number of Channels: 12CH, 114CH, 116CH, 122CH

Beam Angle: 3.6°

Cooling Method: Fan cooling

4-button LED digital display tube for setting the address code; Multiple channels can be mixed to create various chase effects.
