SP-1810-UV

PRODUCT DIMENSION

298 × 235 × 165 mm

LIGHT SOURCE

- 18 × 10W high-power LEDs
- 18 × 10W 4-in-1 LEDs
- Custom UV LEDs

DIMENSIONS & WEIGHT

- Dimensions: 298 × 235 × 165 mm
- Weight: 6.5 kg

POWER SUPPLY

- Input voltage: 90–240V AC, 50/60Hz
- Power consumption: 180W

OPTICAL SYSTEM

- RGBW colour mixing
- UV colour output
- Beam angle: 25°
- Optional beam angles: 15°, 30°, 45°

IP RATING

IP65

SPARTAN

SP-1810-UV

DIMENSION SKETCH

CONTROL & PROGRAMMING

- DMX512 compatible
- DMX channel modes: 4CH / 8CH
- DMX addressable via digital display
- DMX intelligent addressing
- Auto Run mode
- Built-in automatic and preset programs
- Manual dimmer control
- Standalone operation without controller
- Master–Slave synchronization
- ID function support

OPERATIONAL FEATURES & PERFORMANCE

- Independent UV dimming (4 channels)
- Linear dimming from 0–100%
- Linear & non-linear dimming modes
- Smooth brightness transitions
- Strobe effects
- Blackout function
- White balance adjustment
- Digital LED display with 4-button control
- Display orientation selection
- Intelligent temperature control and protection
- Real-time LED temperature monitoring
